

WCGFC Meeting Minuets

Date: 6-11-2009

Location: Peach State Aerodrome – Barnstormers Grill

Attending: Greg Blosser, Derek Landstrom, Jeff Hayes, John Brazelton

Derek gave everyone an update on our current finances and presented an updated budget reflecting new membership levels and increased fuel costs. Our goal of paying our annual insurance premium in one lump sum in lieu of financing our premium was also discussed.

Greg and John think we paid a large down payment around the first of the year which will result in no payment for the last few months of the year. Derek will look into this and present his findings in the next meeting.

A onetime assessment for all club members was discussed to cover our insurance premium when it becomes due.

Collecting money from a select few of our club members was also discussed. Again, this would allow us to pay our insurance premium in full when it becomes due. The money collected from these select members would then be converted to a credit on their WCGFC account.

John Brazelton felt we might lose members if a onetime assessment was imposed on all of our members. We then discussed a possible increase in monthly dues to spread this cost out.

Meeting was adjourned.

Mike O'Dell, Bruce Wilson, and Doug Doran joined us for dinner at Barnstormers Grill, and Greg picked up the tab!!

Mike O'Dell presented a slide show of his trip with Derek Landstrom to Michigan and Wisconsin in the club plane.

===== End =====
